Around Town

Elks and K. P.'s will play ball Saturday.

Work on the waterworks dam is progressing nicely.

Now get ready for the biggest of all fairs—the Richmond fair.

Next Monday is county court day, and a big crowd is looked for.

The best show of mules to be seen in Kentucky, at Lancaster Fair this week.

Another big crowd went to Cincinnati on the L. & N. excursion Sunday.

Ten railroads have granted a reduced round-trip rate to the great Richmond fair.

Special train for Lancaster Fair leaves Richmond at 7:30 a. m. today, tomorrow and Friday.

The Safford fair, last week, was well attended, and the stock holders will put down a nice dividend.

Don't miss the greatest of great games Saturday at Pioneer Park. Elks vs. Knights of Pythias. Proceeds to go to P. A. C. Infirmary.

Want A Job?

Senator Bradley is quoted as saying that Kentucky is short for points of clerks under Civil Service about eighty-eight. There will be some appointments in the Census Department soon, and persons desiring to apply should write the Civil Service Commission, at Washington, for information.

Tennis Players at Estill.

The annual tennis tournament is in session at Estill Springs this week, and a great crowd is there enjoying the sport and reaping the many benefits of an outing at the famous old resort. There is dancing every night, and other special features go to make the stay most enjoyable.

The Quantity of a Drug.

In a prescription is often of prime importance. A little too much may mean ill instead of cure. You need not have any fears on that score if you bring your prescriptions to this pharmacy. Our methods are too accurate, our care too constant to permit the mistake which may cost a life. Better keep that fact in mind.

The Berea Fair.

Handsome catalogues for the Berea Fair are out, and indications point to a great exhibition. The dates are Aug. 5, 6, 7. Write to the secretary, E. T. Fish, and get a copy.

Autos Are Thick.

Automobiles in Richmond are as thick as fiddlers in pecton. There are thirty-three in the town and county. Many more people have the fever, and more will be purchased soon.

Graduates In Geneva.

A special from Geneva says W. Fish Marsteller, stepson of Hon. Brutus J. Clay, of this city, American Minister to Switzerland, is the first American to be graduated from Geneva University. He took a special course in French.

Local Team to Play.

A game of baseball between the Elks and Knights of Pythias will be played at Pioneer Park next Saturday afternoon, proceeds to go to P. A. C. Infirmary. The best players in town will participate and a rattling game is in store. Go see the fun.

Residence Destroyed.

About eleven o'clock, Wednesday night, the residence of Mr. Owen Keen on Bates Creek Avenue, was found to be on fire. An alarm was telephoned and the hose wagon responded quickly but the flames had gained such headway that the building could not be saved. Quite a lot of furniture was taken out, but damaged by the hurried saving.

Big German Friday Night.

Messrs. Riddell, proprietors of Estill Springs, have arranged to give a big German Friday night, and society of Central Kentucky will be there in full force. There is a crowd of delightful people there now, and the event is looked forward to with great pleasure. A large number will go from Richmond.

Child Left at Door.

A few nights ago, a man appeared at the door of Mr. Olley Barr, near Painful Lick, and handing Mr. Barr a basket, quickly disappeared. Mr. Barr was so startled that he did not get away before he investigated the contents of the basket, which proved to contain a little girl baby. A lot of children were in the basket, together with a note asking that the care be taken of the infant. Mr. Barr is at a loss to know where the child came from, but will do his best to care for and raise it.

A Good Sign.

The absence of a lot of "bosses" to hang around and "superintend" the concrete work being done at the court house, is a mighty good sign that affairs are few in our town. In most places, a gang hangs around public work to tell the contractors what and how to do the job. In fact, the Danville Advocate is taking many shots at those in that city who are "superintending" work on the new Government building in earnest construction. We don't have 'em here, for which blessing, everybody is truly thankful.

Republicans Busy.

County Chairman Wallace has called a meeting of the Republican Committee at the Court House, county court day, "for the purpose of devising ways and means for making nominations for constables and magistrates." As it is clear that our friends, the Reds, are getting ready to put up a stiff fight this fall, The Climax again appeals to the Democrats to get ready for the fray, to lay aside any possible lukewarmness, buckle on their armor and let's bury the Reds so deep they will never poke their heads up again. We have the majority with which to turn the trick, so let's get busy and do it.

Be Careful. Clean Up.

As several cases of typhoid fever have appeared in Richmond, The Climax feels it would not be amiss to again warn the people to take every precaution to prevent the disease. Louisville, and other towns in the State are undergoing a siege, and while there is no immediate danger here, yet, should the people allow filth and trash to accumulate, we may have the same terrible experience. It requires little work each day to clean up, and why some people will neglect this important task is incomprehensible. Don't wait until the horse is stolen to look the stable down.

Big Crowd Going.

Many of our people are going to the Lancaster fair this week and the special trains will carry good crowds each day. The trains leave the Richmond depot at 7:30 a. m., arriving at Lancaster at 9. Returning train will leave Lancaster at six o'clock, arriving Richmond at seven. The rate is one fare, plus a quarter for round trip. The fair officers have the celebrated Michael's band of 17 men, of Cincinnati, and the music will be a special feature. The rings are all well filled, and reports say the show of stock will be better than ever before. The Lancaster fair is given more as a social event than a money making venture, and the principal effort made is toward making it have a good time.

Great Cut-Price Sale of Fine Spring Suits

On Saturday, June 19th, we will begin a fifteen days cut price clearance sale of all spring and summer suits for CASH ONLY. Stocks are much too large on account of backward spring weather, and we realize that our loss will be less if the goods are sacrificed now than if carried over. These suits are brand new—the very latest styles—all fashionable shades and colors, as well as blacks and blues, in sizes and models to fit every man. Many are the famous Kenton Specials, the finest suits made. None reserved, all go—

COVINGTON & BANKS

THE STORE FOR QUALITY

A Splendid Trip.

The local Old Folios have arranged for an excursion to Natural Bridge Thursday, Aug. 5th, and the trip will be a most enjoyable one in every way. The special train will leave Richmond at 7:40, a. m., arriving at Natural Bridge at 10. The Richmond Military Band will be on hand and play good music all day. Fare for round trip only \$1.50. A big crowd is going.

A Success.

The special week-end rate decided upon by the management of Estill Springs has been taken advantage of by a great many people, and the trains to Irvine are crowded every Saturday afternoon to Monday is very low for the splendid service given at the Springs. As stated in a recent issue of The Climax, the orchestra is superb, and dancing is enjoyed every night. Since making this special rate, Messrs. Riddell are giving a big ball every Saturday evening for benefit of the large crowd present.

Kentucky to Show Corn.

M. C. Rankin, Commissioner in the Department of Agriculture, Labor and Statistics, has been appointed vice-president for Kentucky of the National Corn Association and announces that the State will make an exhibit at the National Corn Exposition in Omaha, December 6 to 18.

Arrangements were made at a conference of Corn Association officials with Mr. Rankin in Frankfort this week and it is expected Kentucky grain will take a high place and win many of the prizes in the list worth \$50,000 which is offered at the show in Omaha. Mr. Rankin has 100 boys in Kentucky growing corn from pure seed. They will show this in an exhibit to be held at the Kentucky State Fair grounds and then the best will go to the national show.

As is well known Kentucky stands high as a corn producing state when acreage is considered. It is the hope of Mr. Rankin and his co-workers to bring the average yield per acre up to among the best in the United States.

Urruly Negroes.

Sunday night, as the special excursion train was pulling out of Cincinnati, two negroes jumped aboard to ride to Covington. As no tickets are sold for Covington on this train, and the negroes were drunk and very boisterous, Conductor R. E. Lusk remonstrated with them. The train was then crossing the bridge, and the negroes set upon the conductor and beat him unmercifully. They would have thrown him from the coach and into the river, but Capt. Lusk pulled his revolver and fired. One of the negroes was dangerously wounded and this stopped the row. There is no better man connected with the L. & N. service, and while his friends regret that Capt. Lusk was forced to shoot the negro, yet they are glad that he escaped with his life. He was badly beaten up and suffered from the encounter, but will soon be able to resume his run. A gang of the toughest class of negroes are at the Cincinnati depot, when these trains pull out, and why the Cincinnati officials make no effort to suppress them is incomprehensible. As stated above, Capt. Lusk is well known and highly thought of by passengers on the K. C. trains, and all know that what he did was unavoidable and absolutely necessary. The Climax is glad to know that the toughs were from Cincinnati, and the papers of that city can not print stories about "lawless Kentuckians" in this case.

Official Dates For Ball Games Here.

The Climax gives here with the official schedule of this week's ball games in Richmond: Wednesday, 28, with Frankfort; Thursday, 29, and Friday, 30, with Shelbyville.

May Become Epidemic.

A girl, who doesn't live a thousand miles from Richmond, is a victim of a strange disease which a local physician has designated "specialitis." It is due to the special sales that have been advertised. The young lady was reading a copy of The Climax when she fell to the floor in a dead faint. Now, according to the books and tradition, the lady fainted because she read the announcement of an old sweetheart's marriage or death and it would turn out afterward, according to the books and tradition, that he was a cousin of the same old sweetheart by the same name. But real life is so unlike the books and tradition. Upon being revived, the lady related that she saw hoary advertised for 25c, that she had paid 35c, for the day before.
